- Great for school, sports and camp
- Conforms to or exceeds U.S. and European safety standards

kid's drinking bottles

Everyone is very excited about our new range of beautifully-illustrated, eco-friendly stainless steel bottles. They are a great, well-priced alternative to the plastic bottles and lined aluminum bottles currently in the market-place. Great for juice, milk, etc. Cap is made of recyclable PP#5. Spout and lid are recyclable HDPE#2. Top rack dishwasher safe. Detailed usage and care instructions are included. Bottles are 13 oz (400 ml.). 7" H x 2.5" D.
